ASSASSIN'S CREED UPRISING

LOADING MEMORY 10...

For centuries, the Assassin Brotherhood has fought a covert war against their sworn enemies, the Templar Order. Via the Pieces of Eden — advanced relics left behind by a precursor race — the Templars seek to create a 'perfect' world governed by discipline and unity, directly contrasting the ideals of the Brotherhood, who strive to safeguard humanity's free will.

The Instruments of the First Will — a fanatical cult hoping to revive the Isu entity, **Juno**, and usher in a New World Order — now threatens to destroy both factions and bring humanity back to serve the Isu once more.

Forming a shaky alliance with Master Templar **Otso Berg**, **Charlotte de la Cruz** and her Assassin cell are all that stands between Juno and her malevolent machinations. Via the memories of **Albert Bolden** — the enigmatic former **Black Cross** — and the Spanish Assassin **Ignacio Cardona**, Charlotte and Otso discovered the last location of the Koh-i-Noor — a powerful Isu artifact that could turn the tide in the upcoming battle. But with the Instruments also eager to secure it and unleash Juno's wrath upon the world, the rogue Assassin Jasdi Singh has resorted to drastic measures in order to ensure his claim...
